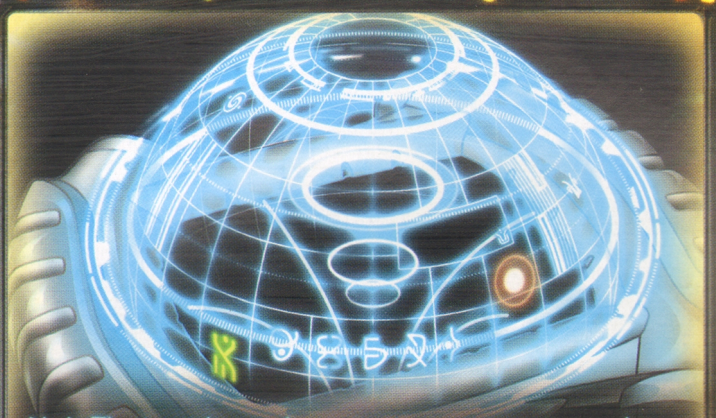
the Outer Dimension



Nick Bluetooth was living an average, ordinary life on Earth, and dreaming of something more. Then one night his dreams came true: following a strange map that had appeared in his room, Nick and his friend Allegra stumbled upon a strange craft.

LEGO

Now Nick must use his wits and his newly discovered power to Glinch to free The Outer Dimension from the threat of the evil Gorm.

Before they knew what was happening, the craft had launched, taking them on a journey to the Outer Dimension!

Action Figures by LEGO®

Only Nick has the power to challenge Gorm - and an entire dimension is depending on him!

MY NAME IS NICK BLUETOOTH.
RIGHT ABOUT NOW, OTHER KIDS MY AGE ARE RIDING THEIR SKATEBOARDS.
OR SPLITTING A PIZZA WITH THEIR BUDDIES.
ZZAAK
MAYBE EVEN TRYING TO BEAT THEIR HIGH SCORE AT THE ARCADE.
ME? I'M TRYING TO SAVE A WHOLE DIMENSION!
KLANG

DIMENSION OF DANGER
THE BIG GUY'S NAME IS GORM.
IF HE HAS HIS WAY, THE OUTER DIMENSION -- AND NICK BLUETOOTH -- ARE HISTORY.
FOOLISH BOY! DO YOU REALLY THINK YOU CAN ESCAPE FROM ME?!
GREG FARSHTEY -- SCRIPT ADAPTATION • PACO MEDINA - PENCILS •
JOE SANCHEZ -- INKS • KEN LOPEZ -- LETTERING •

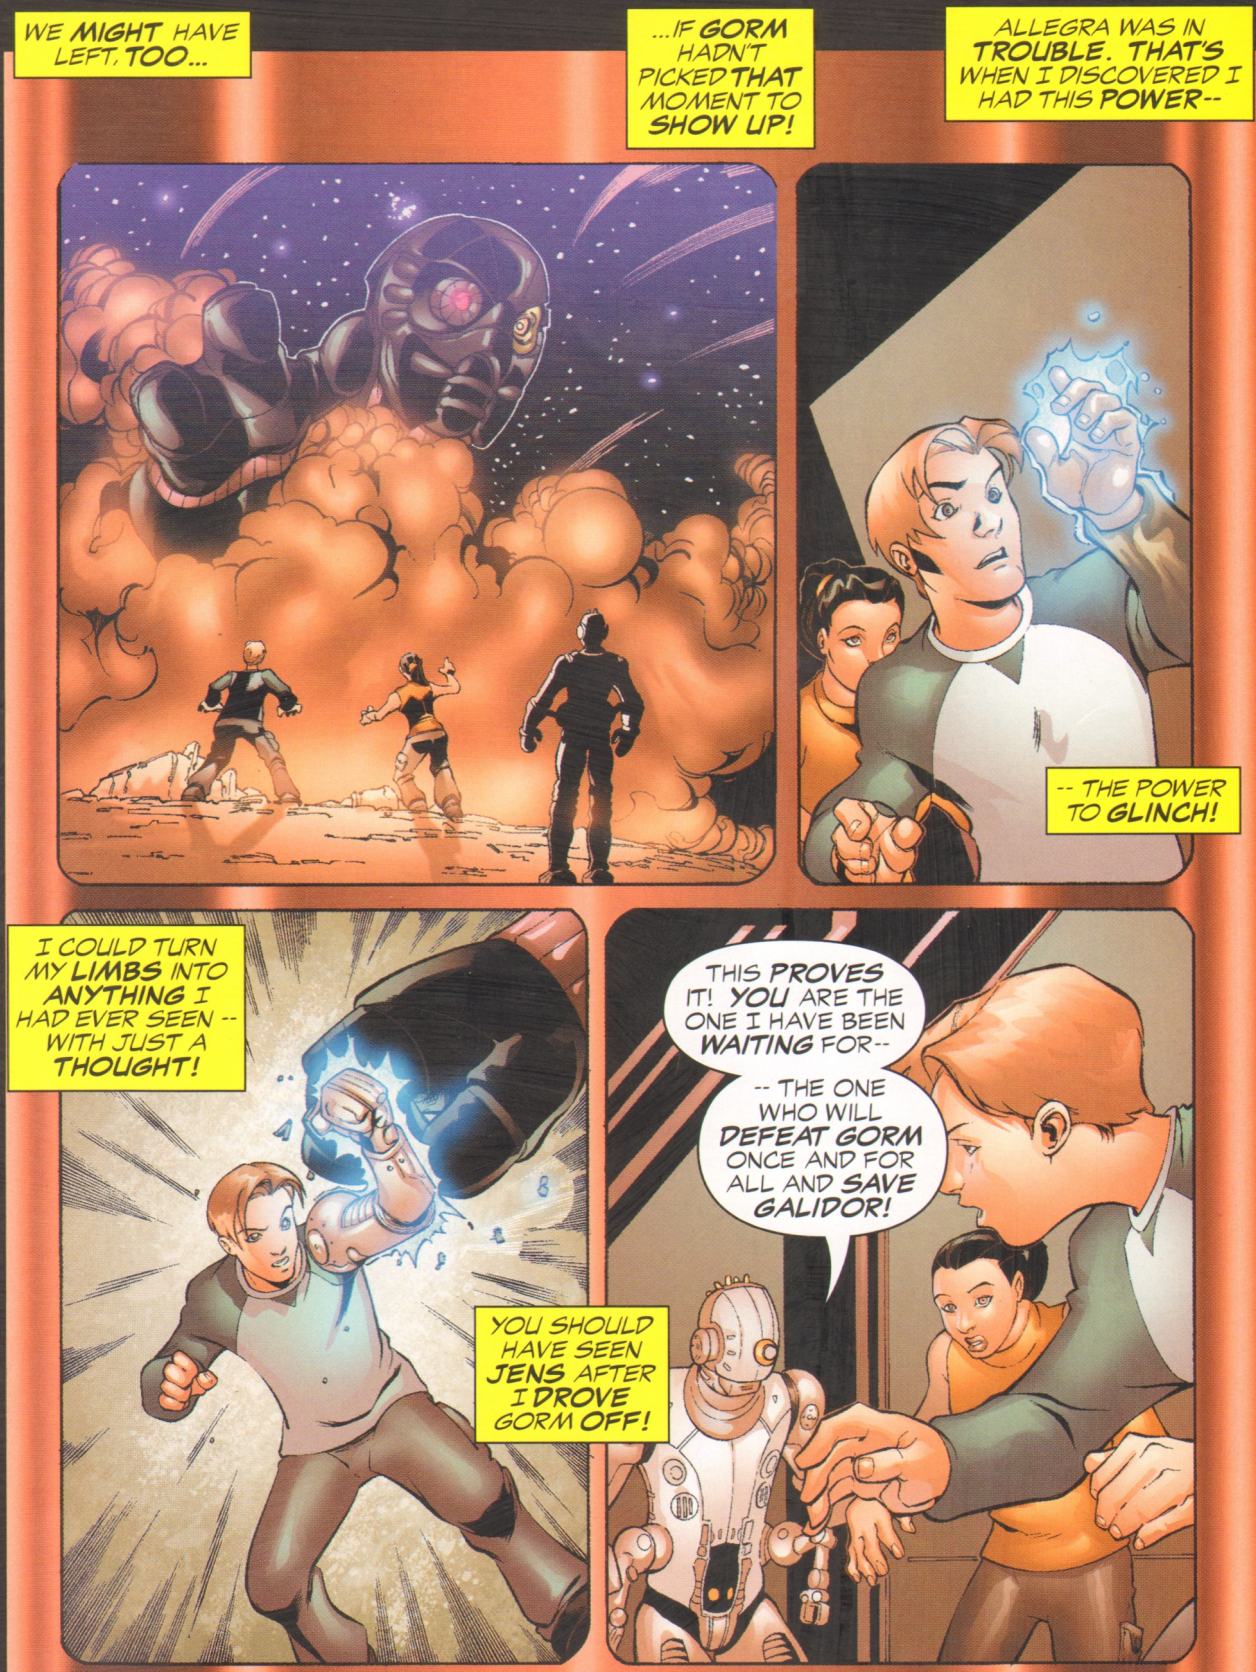
MY LIFE WASN'T ALWAYS THIS CRAZY.
I USED TO SPEND MY TIME GOING TO SCHOOL, HAVING FUN, AND HANGING WITH MY BEST FRIEND, ALLEGRA.
ALL THAT CHANGED ON MY BIRTHDAY...
...WHEN I WOKE UP TO FIND THIS WEIRD MAP -- FLOATING IN MY BEDROOM!
WE FOLLOWED THE MARKINGS ON THE MAP TO A SPOT UNDERNEATH A NEARBY VACANT LOT AND FOUND --
WELL, WE WEREN'T QUITE SURE WHAT WE'D FOUND...
...BUT WE LEARNED TWO THINGS ABOUT THE "EGG CRAFT"--
IT WAS BUILT BY SOMEONE WAY SMARTER THAN EITHER OF US...

...AND IT WAS FAST!!
WE WOUND UP IN A STRANGE REALM CALLED ARBO, IN A PLACE KNOWN AS THE OUTER DIMENSION.
KA-VHOOM
WE MET A ROBOT-TYPE DUDE CALLED JENS, WHO DIDN'T SEEM TOO HAPPY TO SEE US.
YOU ARE NOT SUPPOSED TO BE HERE!
I AM WAITING FOR A WARRIOR WHO IS COMING TO FREE GALIDOR AND SAVE THE OUTER DIMENSION!
"GALIDOR"? "OUTER DIMENSION"? WHAT ARE YOU TALKING ABOUT?
NICK, LET'S JUST GET BACK IN THAT... WHATEVER IT IS... AND GO HOME!



WE MIGHT HAVE LEFT, TOO...
...IF GORM HADN'T PICKED THAT MOMENT TO SHOW UP!
ALLEGRA WAS IN TROUBLE. THAT'S WHEN I DISCOVERED I HAD THIS POWER--
-- THE POWER TO GLINCH!
I COULD TURN MY LIMBS INTO ANYTHING I HAD EVER SEEN -- WITH JUST A THOUGHT!
YOU SHOULD HAVE SEEN JENS AFTER I DROVE GORM OFF!
THIS PROVES IT! YOU ARE THE ONE I HAVE BEEN WAITING FOR--
-- THE ONE WHO WILL DEFEAT GORM ONCE AND FOR ALL AND SAVE GALIDOR!

JENS SAID THAT THE REALM OF GALIDOR HAD BEEN HIDDEN FROM GORM.
TO FIND IT, WE WOULD HAVE TO PUT TOGETHER THE PIECES OF A KEY THAT HAD BEEN BROKEN AND SCATTERED ALL OVER THE OUTER DIMENSION.
JENS -- WHO HAD THE BRAIN OF A SCIENTIST INSIDE THE BODY OF A ROBOT -- INTRODUCED ME TO SOME NEW FRIENDS:
EURIPIDES, LAST OF THE AMPHIBIBS...
...AND NEPOL, A SIKTARI WARRIOR WHO HAD BEEN SHRUNK DOWN BY GORM!
BUT NOT EVERYONE IN THE OUTER DIMENSION IS ON OUR SIDE...
...AND GORM'S THE WORST OF THEM ALL.

IF MY FRIENDS AND I FIND GALIDOR BEFORE GORM DOES, HIS DAYS OF RULING THE OUTER DIMENSION ARE OVER.
PROBABLY EXPLAINS HIS FUN ATTITUDE...
OKAY, GORM, MAYBE YOU'VE GOT ME. BUT YOU DON'T HAVE THE KEY.
JENS AND EURIPIDES WILL STILL FIND GALIDOR BEFORE YOU DO!
JUST LIKE YOUR FATHER, BOY -- YOU NEVER LEARN.
YOU HAVE SOMETHING I WANT --
--GIVE IT TO ME!
KA-RAHHMM
WHOA!
THANKS FOR MAKING AN EXIT! SEE YA -- AFTER I FREE GALIDOR!

NICK! THIS WAY!
LET'S GO! GORM'S RIGHT BEHIND!
READY FOR LAUNCH!
THEN LAUNCH WE SHALL, AND LEAVE THIS REALM FAR BEHIND US.
NOW THE ONLY QUESTION IS -- CAN WE FIND GALIDOR BEFORE GORM FINDS US?

DEFENDERS OF THE OUTER DIMENSION

Travel the Outer Dimension!

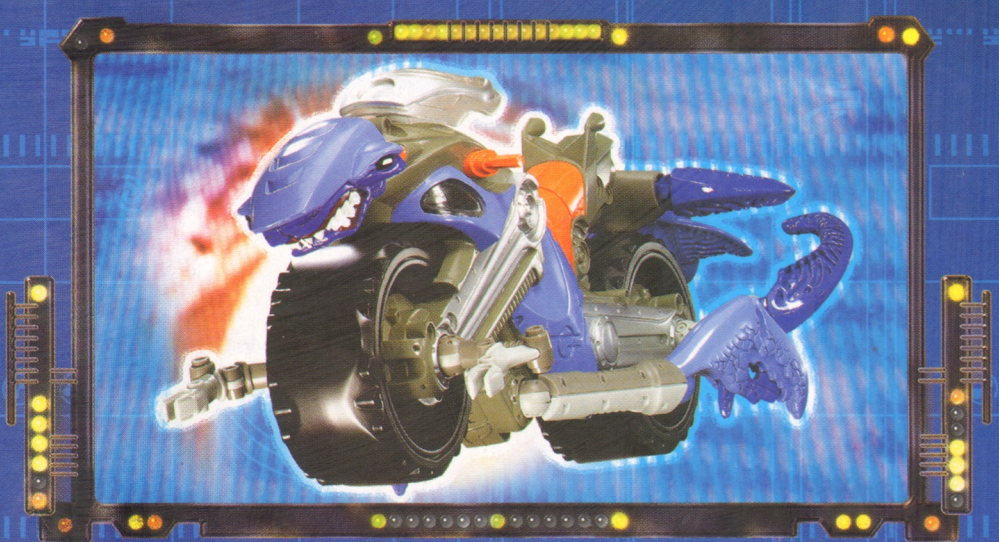
Getting around the Outer Dimension isn't easy. That's why Nick Bluetooth needs special vehicles to make it from realm to realm, or to go from place to place wherever he might be. Here are just a few of Nick's high-tech rides:

The TDN Module

The trans-dimensional navigation module might look like a strange Outer Dimension creation – but it was actually built right here on Earth by Nick's father! Nicknamed "the Egg" by Nick and Allegra, the TDN module can travel between dimensions or through the Viniculum, the river of energy that connects the realms of the Outer Dimension. It is the only safe way to travel between realms, for vicious and hungry Ooni dwell in the Viniculum.

LEGO

Mokarr



The Mokarr is a vehicle capable of amazing speed, which Nick uses to get around when in a realm. More than once, it has helped him escape Gorm's agents. The true nature of the Mokarr – whether it is a machine or a living creature – remains unknown. Nick has glinched into shapes that resemble parts of the vehicle, and it's said that Gorm would love to capture the Mokarr and equip his entire army with vehicles like this.
